General

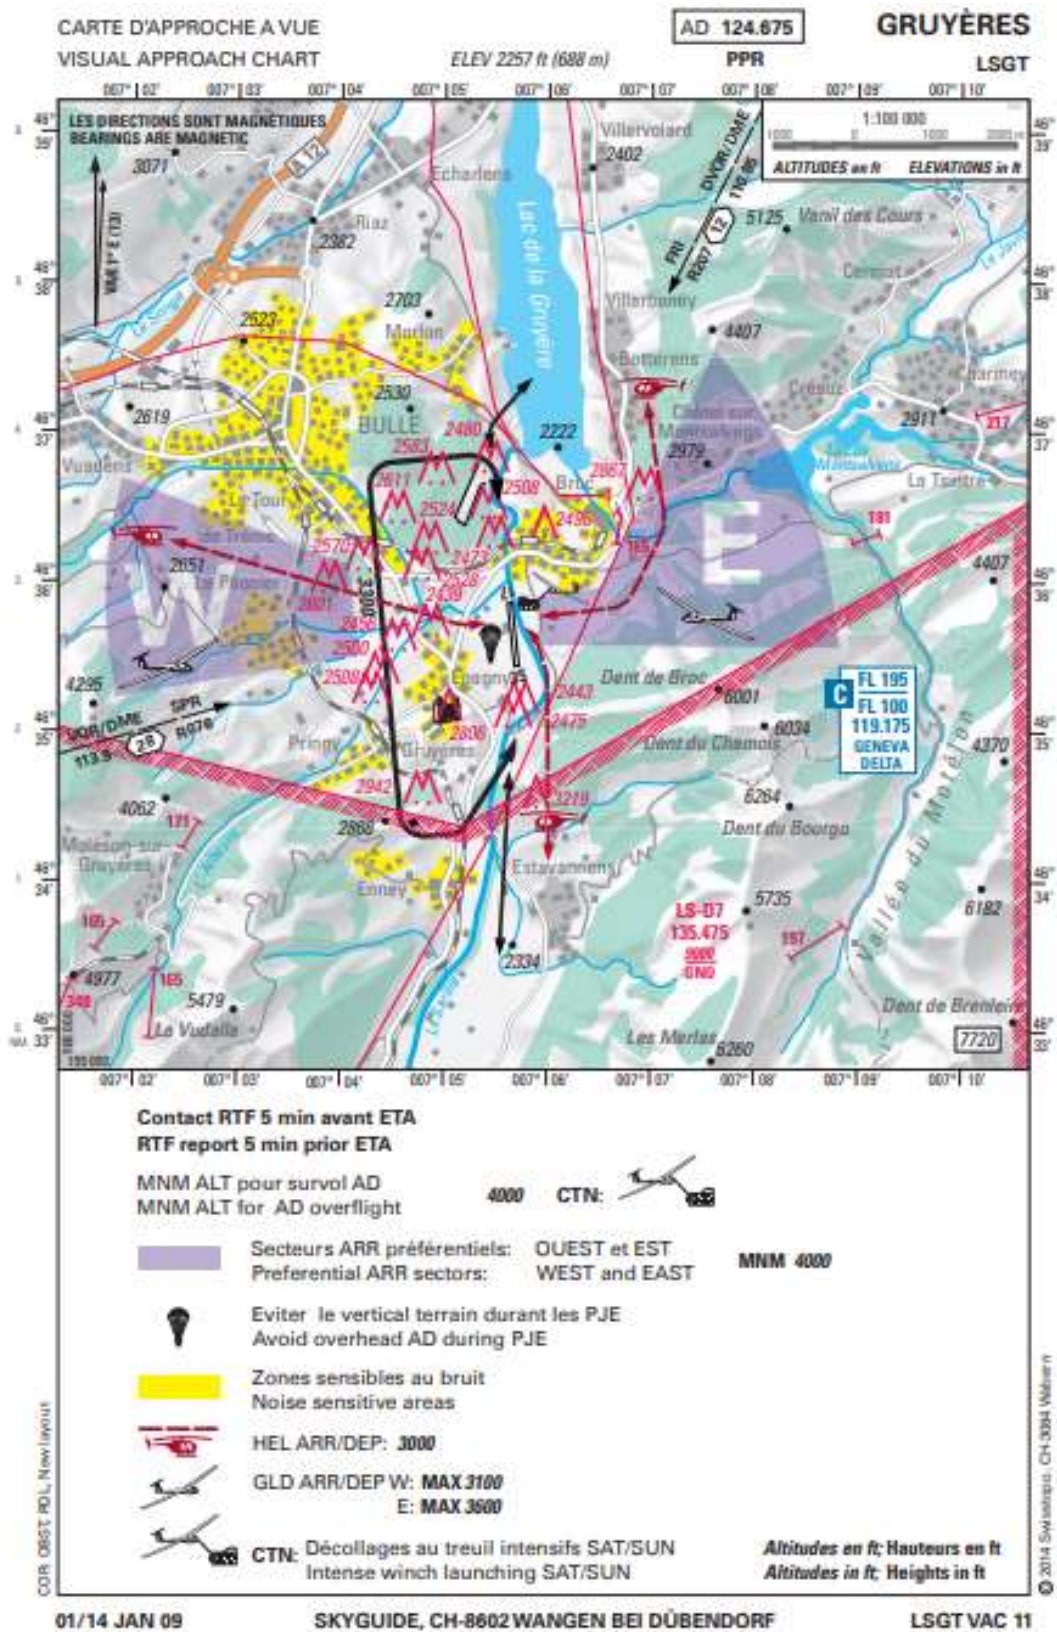

Gruyères LSGT Airfield is a private grass field in western Switzerland. It is located at the southern end of the lake of Gruyère, at the entry of the Intyamon valley. Surrounded by the castle of Gruyères, the mountains Molésan and Dent the Broc, it is a unique and fantastic destination for classic airplanes.

Flying restrictions and remarks

- No Take-off between 1200 and 1330 LT
- Circuits prohibited SAT afternoon and SUN
- Close and high obstacles on the approach or departure path
- Fly the circuit as precisely as possible to avoid unnecessary noise over sensitive areas, specially holding precisely the 35 departure axis.

Customs

- To cross the swiss border, you need an ATC flightplan
- To land at Gruyères, coming from a Schengen country you need to make a custom declaration under following link :
<http://zollairport.ch/Fluganmeldung/ZollAnmeldung/ZollForm.php?ad=LSGT&la=FR>
- One declaration for arrival, one for departure
- This should be done at the latest 2h before landing and 1h before departing. To confirm the reception of the declaration, please give the airfield authorities in addition a phone call +41 26 921 00 40.

Parking

The grass parking should be used by visitor airplanes. Shut down the engine and we will help you to park the airplane at the desired place.
